---

## RESEARCH INTERESTS

---

Deep Reinforcement Learning, Multi-Agent Learning, Embodied AI

---

## EDUCATION

---

- PhD**, Electrical and Computer Engineering 2022 (Expected)  
University of Illinois at Urbana-Champaign (UIUC), IL, U.S.A.  
Advisor: Prof. Alexander Schwing
- Master of Science**, Electronic Design Automation 2014  
National Taiwan University (NTU), Taipei, Taiwan  
Advisor: Prof. Yao-Wen Chang
- Bachelor of Science**, Electrical Engineering 2012  
National Taiwan University (NTU), Taipei, Taiwan

---

## PUBLICATIONS

---

---

#### INTERNSHIPS & RESEARCH EXPERIENCE

##### Microsoft Research, Research Intern, Summer 2021

- Deep Learning and Language Team
- *Mentor: Marc-Alexandre Côté and Xingdi (Eric) Yuan*
- Works on agents that are capable of asking useful questions in language and leveraging external knowledge to solve tasks more efficiently.

##### University of Illinois at Urbana-Champaign, Research Assistant, 2018 - present

- *Advisor: Prof. Alexander Schwing*
- I aim to train autonomous agents in multi-agent systems more efficiently via reinforcement learning (RL). That is, using less time and less data to learn the desired policies. We address the problem in four directions:
  - (1) Better representation learning and interaction modeling (Publications [5, 7, 10]).
  - (2) Large-scale parallel and distributed training, which largely reduces training time (Publications [6, 8]).
  - (3) Improved multi-agent exploration (Publications [9]).
  - (4) RL with efficient imitation learning (Publications [11, 12]).

##### D-wave Systems, Research Intern, Summer 2017

- Works on machine learning with quantum computing.

##### TSMC-NTU Research Center, Research Assistant, 2012 - 2015

- *Advisor: Prof. Yao-Wen Chang*
- Works on Electronic Design Automation with an emphasis on physical design and design for manufacturing (Publications [1-4]).

---

#### SKILLS

- Programming Languages: Python, C/C++, CUDA, Matlab
- Deep Learning Platform: Pytorch, Tensorflow

---

#### SELECTED AWARDS

- **Third Place, CAD Programming Contest** at ACM/IEEE International Conference on Computer-aided Design (ICCAD), 2012
- *Best Master Thesis Award*, Taiwan IC Design Society, 2014
- *Graduate Scholarship*, National Taiwan University, 2014 (Top 10% student in one academic year)
- *Teachers Ranked as Excellent*, University of Illinois, Sp17, Sp18, Fa18, Sp19, Fa19 (Student rating higher than 4.3 out of 5)
- *Graduate Student SSBG Fellowship*, University of Illinois, Summer 2020

---

#### ACADEMIC SERVICES

##### **Program Committee (Reviewer)**

- International Conference on Machine Learning (ICML), 2021 - present
- Neural Information Processing Systems (NeurIPS), 2021 - present
- International Conference on Learning Representations (ICLR), 2021 - present
- IEEE Transactions on Computer-Aided Design of Integrated Circuits and Systems (TCAD), 2016

---

#### TEACHING

##### **University of Illinois at Urbana-Champaign**, Head Teaching Assistant / Instructor

ECE220 Computer System and Programming, Sp17, Fa17, Sp18, Su18, Fa18, Sp19, Su19, F19, Sp20, Fa20, Sp21, Fa21, Sp22

- Teach weekly C/C++ programming studios and maintain online grading system (PrairieLearn) for machine-based tests.

##### **National Taiwan University**, Teaching Assistant

EE5026 Physical Design for VLSI, Sp14

---

#### MENTORING

Cathy Shih, PhD Student at UIUC

- Multi-agent deep reinforcement learning for soft robotics control.

---

#### INCLUSION AND DIVERSITY

Organizer, Graduate Social, NTU, 2013

- Led a team to organize social events and the new year dinner for all students, staff, and faculty of the department (300+ people).
